Digital Guided Implant Planning Surgery Course

One-day Course
(Lectures & Hands-on)
Leave with the knowledge and confidence to place an implant with digitally-guided surgery protocol

Dr. Raid Ali

DUBAI AEEDC DUBAI

Monday
18th January 2027

Location
MaxFax Academy Jumeirah

OSSTEM IMPLANT

World's No.1
Dental Implant Provider

WHO IS THE COURSE FOR?

Clianicians already placing implants, wanting to start guided surgery.

COURSE SUMMARY

After an introduction to the concept of guided implant surgery, you will learn to use an implant and surgical guide planning software through a combination of lectures and hands-on exercises (all equipment provided). You will work through case selection, opening and setting up cases, planning the implant(s) and designing the surgical guides. This will be followed by using the OSSTEM OneGuide implant system to place implants fully guided on models.

- You will have the opportunity to explore intraoral scanning.
- You will have the opportunity to explore CBCT setup, techniques, protocol.

PROGRAMME

09:00	Registration	*13:00*	Lunch
09:30	Introduction Lecture	*14:00*	Lecture + Exercises
11:15	Morning Break	*15:15*	Afternoon Break
11:45	Lecture + Exercises	*15:45*	Hands-on Exercises

COURSE OBJECTIVES

- Learn about guided surgery, the protocols, pitfalls and limitations
- Guided Kits by OSSTEM - an introduction
- Intraoral Scanning - an introduction (Hands-on)
- Correct case selection and planning
- Undertake data acquisition and merging of CBCT and model scans
- Plan implant cases using a restoratively driven approach with digital wax-ups (hands-on)
- Learn how guided surgery can influence and enhance your implant treatment
- Use the OSSTEM OneGuide Kit to place a fully-guided implant on models (hands-on)
- Learn how to digitally place an implant and plan
- Best principals on how to acquire good data from VOL/DICOM and STL's from IOS or surface scanners
- What is better Full guided or only pilot approach

Dr. Raid Ali
BDS, IQE, MFDS RCSED, PGDIP, DIP IMP DENT, MSC IMP DENT

Clinical Director of Restore Dental Group, implant dentist, educator, and Co-Founder of Innovative Implant Training. Dr Ali is a Board Member and Wales Representative for the Association of Dental Implantology (ADI) and an Associate Fellow of the ADI.
